The Contract to commence (on such date as shall be fixed by the Postmaster-General after 1st January, 1870), and to terminate on the 31st December, 1872, but either of the contracting parties will be at liberty to terminate the same upon giving four months' notice, in writing, to that effect.

GENERAL CONDITIONS.

No Tender will be attended to unless prepared in proper form, in conformity with this Notice, and of which copies may be obtained either at this Office, or that of the respective Civil Commissioners and Postmasters.

The Tenders must include all intermediate Post Offices between Stations.

It is desired that the Tenderers should state the number of relays of Horses to be used, and the Stations at which they will be kept; as, also, at what price they will engage to convey extra Posts or Expresses on Horseback on the Post Line for which they tender.

Payment will be made to the Contractor monthly, either at the Colonial Treasury in Cape Town, or by the Civil Commissioner of any Division he may select; *provided the Contract Bond shall previously have been transmitted to this Office*, duly completed, which Bond the Contractor will be required to execute in the presence of two competent Witnesses, together with two good and approved Sureties, to be provided by him, for the due fulfilment of the Contract; and he must accompany his Tender with a written engagement from his Sureties to bind themselves as such; as, also, with a Certificate from the Civil Commissioner or Resident Magistrate of the District in which he resides, as to the sufficiency of such Sureties. In the Tender, the names of the Contractor and his Sureties should be stated at full length, and their respective occupations should also be mentioned therein. The Security required will, in each case, be equal to the payment to be made by Government to the Contractor for one year of the Contract.

The Contractor will be required to provide his own means of conveyance for crossing rivers, without detention; and all penalties for delay, from whatever cause arising, will be rigidly exacted. Any party tendering is required to specify in his Tender the means to be adopted by him for crossing or avoiding swollen rivers, either by applying some contrivance, or leaving the usual line, and also the delay, if any, to be allowed on such occasions.

The Tenderers are required to convey the Mails in covered Carts on springs, conveyed by not fewer than two horses each (with exception of Blinkwater and Post Retief).

The Contractor's Carts are to be light, but strong, sufficiently large to contain the Mail Bags, and to be furnished with Waterproof Wells, or Boxes, with strong Locks and Keys, to hold the Mail Packets, for enclosing and securing which it will be necessary for the Contractor to supply Waterproof Bags; or, failing these, the Cart is to be supplied with Tarpaulins, to be strapped over it and over any Mail Packets that may have to be secured to it, and which are to be lashed on with good stout *riems*. The Carts to be provided with two good Lamps, with strong Reflectors, which are to be kept lighted at night when travelling.

The Contractor is bound, at his own expense, to provide the means of protecting the Mail Packets from the weather, or injury in transferring them from one Post Cart to another, on the line of road herein referred to, and will be held responsible for any damage which may occur to them whilst being transferred from his charge.

The Contractor will be at liberty to carry such number of Passengers *or Parcels* in the Mail Vehicle as he may think fit, and to make his own charge for the accommodation thus afforded; *provided that part of the Box or Well of the Cart specially to be appropriated for the Mail shall not be mixed up with any other Packets, &c., not appertaining to such Mail.*

But the Contractor will not be allowed to carry in his Vehicles, by himself or any of his Servants, any Letters or newspapers, excepting those delivered to him by the respective Postmasters, or for delivery at any Post Office, nor are they knowingly to permit any Passenger to carry any Letter or Newspaper.

The Post Rider shall be provided by the Contractor with a Bugle or Horn, to be sounded when approaching any Post Office or Post Station.

For any detention of the Mail, or any part thereof, beyond the time specified for the distance allowed, the Contractor shall forfeit according to the following scale:—

	£	s.	d.
For every period not exceeding half an hour –	0	2	6
„ half an hour, and not exceeding one hour –	0	7	0
„ one hour, and not exceeding an hour and a half – – – – – – – – –	0	15	0
„ one hour and a half, and not exceeding two hours – – – – – – – –	1	5	0
two hours, and not exceeding two hours and a half – – – – – – – – –	2	0	0

and for every additional half-hour beyond two hours and a half, the additional sum of Ten Shillings.

In the event of the Contractor failing or neglecting for three Posts in succession to convey the Mails within the time herein stipulated, the Postmaster-General for the time being, in that case to have it in his power, should he so think fit, to advertise for Tenders for a new Contract without any reference to the clause for giving four months' notice for an earlier termination thereof (which clause is to be null and void); and any loss that may accrue by reason that the terms of the new Contract are higher than the terms of the old is to be borne by the Contractor.

And inasmuch as serious irregularities have arisen from changing Vehicles and shifting the Mails, the Contractor will have to bind himself that as often as any Post Boy of his shall receive any Mail Bags or Post Office Packets into any Vehicle at any Post Office, such Bags and Packets shall be carried to their destination in that same Vehicle, and that none of the said Bags or Parcels shall, between the Post Office where the same were received and the Post Office where the same should be delivered, be shifted or removed from that Vehicle to any other Vehicle or mode of conveyance, unless with the permission and in the presence of some Postmaster, or unless the Vehicle carrying the same shall, by accident or other cause arising after the same shall have been received, be rendered incapable of carrying on the Mail to its destination. And for any and every breach of this stipulation the Contractor will have to pay to the Postmaster-General for the time being whatever penalty he shall see fit to demand, not exceeding Twenty-five Pounds sterling.

In case any Bag, Packet, or other part of any Mail shall not be regularly delivered at the same time as the rest thereof, the Contractor shall be bound to pay to the Postmaster-General, for or in respect of every such lost or missing Bag, Packet, or other part of any Mail, such sum as the said Postmaster shall see fit to demand, not exceeding Twenty-five Pounds Sterling, unless the Contractor shall prove that such Bag, Packet, or other part of any such Mail was lost or delayed by inevitable accident against which it was impossible to guard. And the Contractor shall likewise be liable to the Postmaster-General, claiming on behalf of whom it may concern, to make good all loss or damage sustained by any Person whomsoever, by reason that any Mail or Bag, Parcel, or other part of any Mail, shall have been lost or delayed for want of due and proper care and diligence of the Contractor, or any person in his service.

Should the said Contractor fail in the performance of his agreement at any period during the existence of the same, then, and in that case, it shall be lawful for the Postmaster-General for the time being, and for all Persons thereto authorized by him, to hire, or cause to be hired such Person or Persons, Horse or Horses, as shall be required for the due performance thereof; and all and every expense attendant upon the same shall be borne and sustained by the said Contractor.

And it is lastly agreed that in case of any act of omission constituting a breach by the Contractor of any of the provisions or stipulations of this Contract, not being an act or omission for which any other particular penalty is hereinbefore provided, the Postmaster-General shall have the option of claiming from the Contractor, for and on account of every such act or omission, respectively, the payment of Ten Pounds Sterling, by way of assessed and liquidated damages, and not as a penalty; or otherwise, of claiming and recovering such further or other sum as the said Postmaster shall prove to be the amount of loss or damages actually sustained from or by reason of such act or omission.

The Contractor will be bound to provide a passage in his Mail Conveyance for an Officer of this Department, when travelling on public business, without charge, when required so to do.

Further information may be obtained on application at the Office of the Postmaster-General.

CHARLES PIERS, Postmaster-General.

BILL

TO

Authorize the Cape Copper Mining Company (Limited) to construct a Tramway or Railway between Port Nolloth and Nonams, and to build a Jetty at Port Nolloth.

WHEREAS it is desirable and expedient that greater facilities should be afforded for the transport of minerals from the mines in Namaqualand to Port Nolloth, and the shipment of the same at the said port, and also for the landing of passengers, goods, merchandize, and other articles, and their transport from the said port; and whereas such facilities would be greatly promoted and the resources of the country developed by the construction of a tramway or railway between the said port and Nonams, and by the building of a jetty at the said port; and whereas the Cape Copper Mining Company (limited), duly registered and having a subscribed capital of one hundred and fifty thousand pounds sterling, is willing to undertake the construction and working of the said tramway or railway and the building of the said jetty, on being empowered for that purpose in manner hereinafter mentioned and provided: Be it therefore enacted by the Governor of the Cape of Good Hope, with the advice and consent of the Legislative Council and House of Assembly, as follows:—

I. The Cape Copper Mining Company (limited) shall be, and they are hereby authorized and empowered to construct and work a tramway or railway between Port Nolloth and Nonams, or any part thereof, and to build a jetty at Port Nolloth, as shown by the plans duly lodged with the Clerk of the House of Assembly and with the Civil Commissioner for the Division of Namaqualand.

II. It shall and may be lawful for the directors of the said company, or their representative or representatives, and they are hereby authorized, to enter upon and take possession of all such lands within the limits of deviation, and also to dig for, excavate, and carry away, all such materials within or near to the said limits as may be required for the construction and maintaining of the said tramway or railway and jetty: Provided that the extent of land taken for the said tramway or railway shall not exceed the width of fifty feet, with sufficient additional width for slopes, drainage, stations, stopping-places, approach-roads, and all other works, matters, and things which may be requisite or necessary for the efficient construction and working of the said tramway or railway. And further, it shall and may be lawful for the said directors, or their representative or representatives, and they are hereby authorized, to enter upon and take possession of all such beach and other lands lying above and below high-water mark, and all such land as may be required for approaches to and site of the said jetty, as shown on the said plan, including forfeited erf 1,799, marked 8 on the said plan, in block C, and also including the road lying between blocks B and C, marked or numbered 14 on the said plan, and also the Government ground adjoining blocks B and C to the east, north, and west, as shown within the limits marked by a dotted line on the said plan: Provided that the proprietor or proprietors of, or person or persons holding by lease from the Crown the lands so taken possession of and of the materials so carried away and used, shall be paid by the said directors the just value, by way of recompense or compensation for such land or materials, or for any damage which may be done by reason thereof: Provided, also, that in the event of the directors of the said company and any such proprietor or proprietors or the person or persons claiming compensation not being able to agree upon the sum to be paid by the said directors and accepted by such proprietor or proprietors or person or persons claiming compensation, then the said directors shall cause to be served upon such proprietor or proprietors or person or persons claiming compensation a written notice offering as recompense or compensation whatever sum of money they shall deem sufficient, and requiring such proprietor or proprietors or person or persons claiming compensation to state, in writing, to the said directors or their representative, or to some person by them appointed in this Colony, within a certain limited time to be specified in the said notice, whether he or they is or are willing to accept the sum therein mentioned or not; and in case he or they shall refuse to accept the sum offered, or shall neglect to reply to the said notice, then the said directors or their representative shall, by another notice in writing, call upon such proprietor or proprietors or person or persons claiming compensation to refer to arbitration the amount of recompense or compensation to be paid to him or them by the said directors, and for that purpose to transmit to their representative in this Colony, within a certain reasonable time to be specified in the said last-mentioned notice, the name of some person whom he or they shall select to be an arbitrator upon such arbitration; and the said directors or their said representative, upon receiving the name of the person so selected, shall nominate a second arbitrator, and the said arbitrators shall choose a third arbitrator, and the said directors or their representative shall cause a deed of submission to be prepared, which shall be signed by the agent, general manager, or representative of the said company in this Colony, and by the said proprietor or proprietors or person or persons claiming such recompense or compensation as aforesaid, and which deed shall clearly set forth the matter to be determined by the said arbitrators. And the said arbitrators, or any two of them, shall be authorized to fix and determine the amount of compensation to be paid as aforesaid, according to what they shall conceive fair and reasonable; and the award of the said arbitrators, or any two of them, shall be made a rule or order of the Supreme Court, and shall be binding and conclusive, and may be pleaded in bar of any action or proceeding at law brought for or on account of the subject-matter; and in case such proprietor or proprietors or person or persons as aforesaid claiming compensation or recompense shall neglect or refuse to name some person to be such arbitrator as aforesaid, or to sign the said deed of submission, then it shall be lawful for the said directors or their agent or representative, and they or either of them are hereby authorized to lodge in some joint-stock bank in Cape Town the sum of money offered by them as aforesaid, for or on account and at the risk of such proprietor or proprietors or person or persons as aforesaid, who shall at all times be entitled to draw the same out of the said bank as his or their absolute property. And the said directors or their agent or representative, upon so lodging the said sum, shall be authorized and entitled to take and use the land or materials in question as freely as if the said sum had been agreed upon between the parties as the sum to be paid, or had been awarded by the arbitrators. And thereupon, or upon payment of any sum which may be awarded, or which may be agreed to be accepted as and for recompense or compensation as aforesaid, the said land shall be held and taken to be vested in the said company as fully, absolutely, and effectually as if transfer and conveyance thereof had been duly passed by the respective proprietors thereof or parties interested therein, in favour of the said company, according to the law and custom of this Colony, or as if all acts by law required for vesting in the said company a sufficient title thereto had been duly done and performed; and the said materials shall be held and taken to be, and shall be, the free and absolute property of the said company: Provided that the cost of the arbitration as aforesaid shall be in the discretion of the arbitrators.

III. It shall and may be lawful for the said directors of the said company to enter upon and take possession of, and to hold and retain as their own absolute property, free of any charges, in like manner as if the same were granted to or transferred to them according to the law and custom of the Colony, so much of any Crown lands as shall be required for the construction and maintaining of the said tramway or railway and jetty, or for any other purposes relating to the execution of this Act, and also to enter upon all Crown lands not previously leased by the Government to any lessee lying convenient to the said tramway or railway and jetty, and there to dig for, excavate, and carry away all such stones, clay, or other materials as may be required or be serviceable for the construction and maintaining of the said tramway or railway and jetty: Provided that nothing in this Act contained shall establish any servitude in favour of the said directors or company for procuring materials for the said tramway or railway upon any land which may at any time hereafter be sold or leased by the Colonial Government to any purchaser or lessee thereof.

IV. The said tramway or railway shall commence from the said jetty at Port Nolloth, and shall proceed thence to Jules Hoogte, thence to the Kama River, thence to Oograbis, thence to Anna Poort, thence along the plain by Muishondfontein to foot of mountain at Nonams: Provided, however, that it shall be lawful for the said company to deviate from and vary the said line within the limits of deviation shown by the said plans. And further, that it shall and may be lawful for the said company to terminate the line at any point between Port Nolloth and Nonams: Provided such terminal point shall be at a distance of not less than seventeen miles from Port Nolloth.

V. At all places where the line of the said tramway or railway or any deviation therefrom within the limits of deviation hereinbefore provided, shall intersect or cross the line of any public street or road it shall be lawful for the said directors to make and carry the said tramway or railway across such street or road, either by means of a level crossing or by a convenient and sufficient bridge or viaduct over or under the said street or road. And the said directors shall be bound and obliged to make all such cuttings, embankments, and approaches, with all such culverts and drains as may be requisite to make good the said street or road across, or over, or under the said tramway or railway, at gradients not exceeding one foot in twenty feet. And the said directors shall be bound and obliged to maintain and keep in repair all such crossings, bridges, viaducts, cuttings, embankments, and approaches, culverts and drains, as aforesaid.

VI. Nothing in this Act contained shall hinder or prevent any public roads hereafter to be constructed under Act of Parliament or proclamation lawfully issued under Act of Parliament, from being made and carried across the said tramway or railway at all requisite and convenient points: Provided that as little damage as possible shall be caused to the said tramway or railway by such crossings.

VII. All damage which may be caused by the construction of the said tramway or railway to any roads or streets shall be repaired and made good by the said company, so soon as practicable, at the cost and charge of the said company.

VIII. The directors of the said company shall be bound, and are hereby required, to finish and complete the first section of the said tramway or railway, extending from Port Nolloth to a point distant five miles or more, within eighteen months reckoned from the date of the first commencement thereof.

IX. So soon as the line of tramway or railway, or any section or sections thereof, and the said jetty, shall have been finished and in a fit condition for work, the directors, or their representative or representatives for the time being in this Colony, shall, and are hereby authorized, to open the same for traffic.

X. It shall and may be lawful for the said company, or their representative or representatives in the Colony, to frame terms and conditions and a tariff of charges for wharfage and for the convey-

ance of goods, and such terms, conditions, and tariff shall be submitted to the Governor for approval, and, if approved, shall be published in the Government Gazette for general information: Provided, always, that the said terms and conditions and the rates so chargeable may from time to time be altered by the directors, or their representative or representatives for the time being in the Colony, with consent of the Governor; and the directors, or their representative or representatives, shall be entitled to recover by legal process all such charges as shall be in force for the time being from the owner or owners of, or the person or persons liable to pay such charges on goods, merchandize, articles, or things landed on or shipped from the said jetty, or conveyed by the company on their said tramway or railway, and further shall have the right of retaining such goods, merchandize, articles, or things, or any other goods, merchandize, articles, or things belonging to the party or parties liable to them which may be in their possession or under their control, until the rates or charges due or payable for or in respect of the wharfage or carriage or conveyance thereof shall have been duly paid; and, further, on his or their failing to pay on demand such charges it shall and may be lawful for the said company, or their representative or representatives, to sell such goods, merchandize, articles, or things, and out of the money arising from such sale to retain the charges payable as aforesaid, and all charges and expenses of such detention and sale, rendering the overplus, if any, and such goods as shall remain unsold, to the person or persons entitled thereto, or it shall be lawful for the said company, if they shall so elect, to recover any such charges by action at law: Provided that fourteen days' notice of such sale shall have been previously given in the Government Gazette, and in any one or more newspapers published in Cape Town.

XI. The directors of the said company shall be bound and obliged to establish and permit to be used so many stations or stopping-places upon the said line of tramway or railway for receiving and delivering goods, merchandize, minerals, or other articles to be conveyed upon the said tramway or railway or any portion thereof as the Governor shall from time to time direct to be established for public use, or for the use of any proprietors or lessees of mines or minerals requiring to use the said tramway or railway. And the said company shall at all times thereafter allow to the public, and to proprietors and lessees aforesaid, free and convenient way-leave and access to all such stations or stopping-places over all lands belonging to or in the possession or occupation of the said company, with all cattle and vehicles to be used for conveying passengers, goods, merchandize, minerals, or other articles, to and from such stations.

XII. The said company shall afford all reasonable facilities for the receiving, storing, forwarding, and delivering of traffic upon and from the said tramway and jetty, and no undue or unreasonable preference or advantage to or in favour of any particular person or persons, or any particular description of traffic, in any respect whatsoever, shall be given; nor shall the said company subject any particular person or persons, or any particular description of traffic, to any undue or unreasonable prejudice or disadvantage in any respect whatsoever.

XIII. All tolls, fares, or rates for passengers or goods shall be at all times charged equally to all persons, and after the same rate, whether per ton, per mile, or otherwise, in respect of all passengers, and of all goods of the same description, and conveyed or propelled in a like carriage and by a like power, passing only over the same portion of the line of tramway or railway, under the same circumstances; and no reduction or advance in any such tolls, fares, or rates shall be made, either directly or indirectly, in favour of or against any particular company or person travelling upon or using the tramway or railway.

XIV. No steam power shall be used for the conveyance of passengers upon the said tramway or railway until the certificate of the Colonial Engineer or other officer appointed by the Governor shall have been obtained, at the expense of the directors, that the said tramway or railway or any section thereof is in a fit and proper condition for the safe conveyance of goods or passengers by means of such steam power: Provided, that before any passengers shall be conveyed on the said tramway or railway, the said directors shall frame terms and conditions and a tariff of charges for the conveyance of such passengers, and the provisions of the tenth section hereinbefore contained shall, *mutatis mutandis*, apply to such terms, conditions, and tariff.

XV. From and after the adoption of steam power, subject to such certificate as aforesaid, as the means of conveying or propelling trucks or carriages of any description with passengers, such and so many of the provisions of the "Regulation of Railways Act, 1861," as the Governor, with the advice of the Executive Council, shall by any proclamation to be published in the Government Gazette specify and determine, shall come into force, and apply to the said tramway or railway hereby authorized to be constructed and made, as if the said provisions were herein separately set forth and made applicable to the same: Provided, however, and it is hereby declared, that Clauses 29 and 30 of the said Act shall not be made applicable to the said tramway or railway.

XVI. The Colonial Government shall have the right of sanctioning any junction of branch lines communicating with the said line of tramway or railway, from or for the use of any mines which may be opened in Namaqualand, upon such terms and conditions as may be agreed upon between the person or persons desiring to have and maintain such branch line and junction and the directors of the said company and in case of any question or controversy as to such terms and conditions, such question shall be referred to three persons, one to be nominated by the Governor, one to be nominated by the directors of the said company, and the other to be nominated by the person or persons seeking to establish such junction; and the decision of any two or more of such three persons shall be final. The costs of every such arbitration to be in the discretion of the arbitrators.

XVII. It shall and may be lawful for the said company, at any time after they shall have offered the said tramway or railway and jetty to the Government for purchase, at a price to be settled by arbitration, provided both parties cannot agree upon the terms of purchase, and in case such offer shall be refused, to remove and carry away all plant and material from the said tramway or railway and jetty; and further, it shall and may be lawful for the said company, in case of such refusal as aforesaid, to sell and dispose of all their right, title, and interest in the said tramway or railway and jetty to any other company or companies, or private individuals, desirous of purchasing the same, and the company or companies, or individuals, who shall become the purchasers thereof, shall be vested with or entitled to the said tramway or railway and jetty, and to all rights or privileges appertaining thereto, as amply and effectually as the same are now vested in the said company.

XVIII. All engines, plant, machinery, coals, and other articles required for the construction of the said tramway or railway and jetty shall be admitted into the Colony free of Customs duty and of dues of wharfage.

XIX. At any time after the expiration of ten years from the date of opening for traffic any section of this line from Port Nolloth to Nonams, the Colonial Government shall, if so disposed, have the right of purchasing from the Cape Copper Mining Company (limited) the said tramway or railway and jetty, and the said company shall, if required thereto, be bound to sell it to the Colonial Government on being paid an amount not exceeding the cost of construction and equipment of the said line or jetty, to be agreed between the Colonial Government and the said company.

XX. The said directors shall and may sue and be sued within this Colony by the name or style of the "Cape Copper Mining Company (limited)," and service of process upon the said company, at any office, or place of business thereof in this Colony, shall be good service of such process.

XXI. This Act may be cited for all purposes as the "Port Nolloth Tramway or Railway and Jetty Act."

Zoo heeft het gezegde Hof goedgevonden, voor de tweede maal te dagvaarden, gelijk het dagvaart bij deze, den gezegden JOHN SPENCER FURLONG, om in persoon of bij gemagtigde te verschijnen voor dit Edel Achtbare Hof te Kaapstad, op den vijf-en-twintigsten dag van November nu aanstaande, 's morgens 10 ure, om zich te verantwoorden wegens zijne niet verschijning, en redenen op te geven waarom de gezegde CATHARIA ELIZABETH STAAK, voormaals weduwe van WILLIAM FROWDE, en thans huisvrouw van JOHN SPENCER FURLING, niet het vorengenoemde verhaal bij vonnis van het Hoog Geregtshof, behoort te worden toegestaan.

Aldus gedaan en verleend in het Hoog Geregtshof van de Kaap de Goede Hoop, te Kaapstad, op heden den 23sten dag van Augustus, in het jaar onzen Heeren 1869.

BILL

TO

Amend in certain respects the Act No. 19 of 1864, "To provide for the Leasing of Crown Lands and other purposes."

(Transmitted to the House of Assembly by His Excellency the Governor.)

WHEREAS it is expedient that the Act No. 19 of 1864, commonly called "The Crown Lands Act, 1864," should be amended as hereinafter is provided: Be it therefore enacted by the Governor of the Cape of Good Hope, with the advice and consent of the Legislative Council and House of Assembly thereof, as follows:

I. It shall be lawful for the lessees of Crown lands leased under the provisions of the said Act No. 19 of 1864, at any time during the continuance of their respective leases, to purchase the property in the lands held by them respectively on lease, at such a price as may be agreed on by and between such lessees respectively of the one part and the Colonial Government of the other part, not being in any case less than a sum which, reckoned as a principal sum after the rate of six pounds sterling per cent. would produce an amount of yearly interest equal to the rent reserved on such lease, subject to the following conditions, that is to say: The purchaser shall, in addition to the said purchase price, pay to the Colonial Government such yearly quitrent as may be agreed between him on the one part and the Colonial Government on the other part, such quitrent to be payable in perpetuity. The purchase money so to be paid as aforesaid, according to agreement, may be paid in cash, at the option of the purchaser, so soon as the amount shall be agreed upon; and such purchaser may upon payment thereof require a grant of title upon quitrent to the said lands theretofore held by him upon lease, which grant it shall be lawful for the Governor to make. If the purchaser shall not forthwith pay the full amount of purchase money agreed upon in cash so soon as the said amount shall be agreed upon, he shall be allowed to pay the same in manner following, that is to say: by three annual instalments,—the first to be paid forthwith so soon as the amount of purchase money shall be agreed upon as aforesaid, and the other two at intervals of one year, respectively. If the purchaser shall fail to pay the second or subsequent instalment when the same shall become payable respectively, the money already paid by him shall be returned to him, deducting thereout, by way of liquidated damages for the breach of the contract to purchase, a sum equivalent to five pounds sterling per cent. on such amount of the purchase money as shall remain unpaid, together with such sum, if any, as may be due for rent and other charges, if any, upon the said land, under or by virtue of the lease thereof; and the said lease shall, unless otherwise vitiated, be regarded as though the same were all along subsisting without any contract for purchase or sale having subsisted with regard to the same lands. Until the entire purchase money shall be paid, the purchaser shall continue to pay rent under and by virtue of his lease, and to perform the other conditions, if any, of the same, which shall be deemed to be a subsisting lease, notwithstanding any such contract for purchase as aforesaid, unless vitiated otherwise under the terms thereof, or of the said Act No. 19 of 1864. Upon the payment by the purchaser, at the stated times agreed on, of all the purchase money and of all rents and other payments due in respect of the said lease, he shall be allowed interest after the rate of six pounds per cent. per annum in respect of the several instalments of the purchase money deposited by him from the date of the deposit thereof, respectively, until such date of payment; and thereupon he shall be deemed from thenceforward as proprietor on quitrent of the land so purchased, and may require forthwith a grant of title upon quitrent to the said lands theretofore held by him upon lease, which grant it shall be lawful for the Governor to make.

II. All such sums of money as shall from time to time be paid by such lessees as aforesaid under the provisions of this Act to the Colonial Government shall be kept to a separate account, which shall be charged with such repayments as in the former section are mentioned to such lessees as shall have failed to become purchasers entitled to immediate grant as aforesaid; and the balance from time to time standing to the credit of such account shall be paid over to the Commissioners for the time being of the Sinking Fund created by Act No. 9 of 1864, to be applied for the purposes by the said last-mentioned Act defined, as part of the said Sinking Fund.

GOVERNMENT NOTICE.—No. 251, 1869.

Colonial Office, Cape of Good Hope,
30th August, 1869.

WITH reference to Government Notice No. 170, of the 17th June, His Excellency the Governor directs the publication of the following Dispatch, which has been received from the Secretary of State, on the subject of the Examination of Candidates for the Whitworth Scholarships.

By command of His Excellency the Governor,

R. SOUTHEY,
Colonial Secretary.

COPY.—CIRCULAR]

Downing-street, 13th July, 1869

SIR,—With reference to my Circular Dispatch of the 3rd ultimo,* I transmit to you Copies of the Special Science Form, No. 350, South Kensington, June, 1869, } Regulations therein referred to for the examination in practical skill of Candidates for the Whitworth Scholarships.

I have, &c.,

(Signed) GRANVILLE.

The Officer Administering the Government of the Cape of Good Hope.

* Should be May last.

SCIENCE AND ART DEPARTMENT OF THE COMMITTEE OF COUNCIL ON EDUCATION, SOUTH KENSINGTON.

At South Kensington the 29th day of May, 1869, by the Right Honourable the Lords of the Committee of Her Majesty's Most Honourable Privy Council on Education.

AWARD OF WHITWORTH SCHOLARSHIPS, PRACTICAL EXAMINATION, &c.

1. My Lords have, in concert with Mr. Whitworth, made the following rules for awarding the Whitworth Scholarships this year, and for holding the examinations in Handicrafts and in the practical use of tools.

2. It was decided that the Scholarships were to be awarded according to the results of the examination of the Science and Art Department in the following subjects as defined in the Science Directory:—(1) Elementary Mathematics; (2) Higher Mathematics; (3) Theoretical Mechanics; (4) Applied Mechanics; (5) Practical Plane & Solid Geometry; (6) Machine Construction and Drawing; (7) Acoustics, Light and Heat; (8) Magnetism and Electricity; (9) Inorganic Chemistry; (10) Metallurgy; and according to the skill shown by the competitors in a special examination in the following Handicrafts—(1) Smith's work; (2) Turning; (3) Filing and Fitting; (4) Pattern Making and Moulding, or in the use of the following classes of tools—the axe, the saw and plane, the hammer and chisel, the file, or the forge.

3. Mr. Whitworth desired that the number of marks obtainable in the theoretical subjects and those obtainable by the most skilled workman should be about equal. And it was decided that no candidate should be eligible to obtain a Scholarship who had not shown a satisfactory knowledge of Elementary Mathematics, Elementary Mechanics, and Practical Plane and Solid Geometry, passed in Freehand Drawing, and proved his power to use one at least of the before-mentioned classes of tools:

4 The relative position of candidates as regards the theoretical subjects will be determined by affixing the same scale of marks to the several grades of success as is laid down for the competition for Royal Exhibitions, viz.:—

	Marks.
For a 3rd Class in Elementary Stage	1
2nd „ „	3
1st „ „	5
2nd Class in Advanced Stage	5
If previously successful in Elementary Stage	7
1st Class in Advanced Stage	7
If previously successful in Elementary Stage	9

And 5, 4, 3, 2, and 1 marks, in addition to the first five candidates in the Advanced Stage if they obtain more than 90 per cent. of marks.

	Marks.
For Honours—2nd Class...	14
1st class	17

"Good" in Freehand Drawing will count as 1 mark and "excellent" as 3 marks.

5. The "satisfactory knowledge" required for passing in the subjects mentioned in § 3 will be taken to mean the obtaining of a first class in the elementary stage of Elementary Mathematics, a second class in the elementary stage of Theoretical *or* Applied Mechanics, a second class in the elementary stage of Practical Plane and Solid Geometry, and a "good" in Freehand Drawing.

6. The results of the examination in all the theoretical subjects will be published about the middle of June. It will then be possible to define within comparatively narrow limits the candidates amongst whom the competition will really lie. These will be directed to hold themselves in readiness to undergo the practical examination which will be conducted at a certain number of centres by qualified persons.

7. The practical examination is of two kinds. There is the examination of the handicraftsman or skilled artizan, and there is the *qualifying* examination in the use of certain tools.

8. The examiners will decide on the number of marks to be awarded and the position of the skilled artisans by the rate of wages, &c., which they have been receiving (as vouched by the certificates of their employers), by work specially executed for the occasion, or by an inspection of work upon which they may have been employed.

9. The examination in the use of tools will be the performance of one or more of the following pieces of work.

The Axe.

a. To square up a block of wood a foot long and six inches in diameter.
b. To make a spoke for a cart-wheel.
c. To be able to shaft an axe.
d. To cut out wheel-spokes ready for fitting into nave.

The Saw and Plane.

a. To saw from a plank two pieces of timber three feet long and three inches square and plane them up true.
b. To make a box 18″ long × 9″ wide × 9″ deep, planed up true and the joints dovetailed together.
c. To saw out and plane up two parallel strips 2′ 0″ × 2″ × ⅛″.

The Hammer and Chisel.

a. To chip a piece of cast-iron six inches square over on one of its surfaces ready for filing.
b. To cut out of sheet iron (any gauge) a figure or letter of any size from 1″ to 6″.

The File.

a. To file two sides of a cast-iron inch cube as flat as possible with a Stubbs' twelve-inch second cut file, the stroke of the file not being less than nine inches.
b. A wrought-iron hexagonal nut ½″ or 1″ to be filed up true.
c. To file up two parallel strips, iron or steel.
d. To file up pocket square as true as possible.

The Forge.

a. To weld or join together two pieces of iron three quarters of an inch square.
b. To make a pair of smith's tongs.
c. To make the head of a hammer.
d To make a pick.
e. To make 2ft. ¾in. chain with hook and ring.
f. To make a horse-shoe complete.
g. To cut off and draw out chipping chisel or drill and afterwards harden.
h. To make a pair of small callipers.
i. To make a pocket square.

10. A competitor is not restricted to one only of the handicrafts, nor to the use of one class of tools; but he may show his skill in two or more. His position and the number of marks to be awarded to him will be determined by his general skilfulness as a workman. A skilled mechanic will thus be enabled to obtain credit and improve his position by showing his power of using those classes of tools not properly belonging to his own handicraft, and the ordinary student may in like manner, instead of simply qualifying in the use of a certain class of tools, show his skill in one of the handicrafts mentioned.

11. To those who merely qualify in the use of tools a certain proportion of the marks obtainable for practical workmanship will be given according to their relative skill. These marks will count towards the general result.

12. The travelling expenses of poor students—and 2nd class railway fare with a personal allowance of 10s. per diem—will be allowed to enable them to attend at the places where the practical examinations are to be held.

IMPORTANT TO MARINERS.

Perth, West Australia,

BILL

FOR

Facilitating the Recovery of Survey Expenses incurred under the Land Beacons Act, 1859, and for other purposes.

(*Introduced into the House of Assembly by* W. PORTER, *Esq.*, *M.L.A.*)

WHEREAS, by the fifty-fifth section of the Land Beacons Act, 1859, it is provided that the expenses of any resurvey under the said Act due and payable by any landowner should be recoverable by action in any competent court at the suit of the secretary of the divisional council: And whereas, by the second section of the Land Beacons Consolidation Act, 1865, it is, amongst other things, provided that as long as no fresh grant shall, at the time of taking effect of the said lastmentioned Act, have been under the Land Beacons Act, 1859, issued, then the provisions of the Land Beacons Act, 1859, shall apply, so far as applicable, to all resurveys or other proceedings still in progress, in the state and condition in which resurveys or other proceedings shall then be, precisely as if such resurveys or other proceedings had been begun under the Land Beacons Act, 1865, instead of under the Land Beacons Act, 1859: And whereas, by the seventy-fourth section of the Land Beacons Act, 1865, it is provided that all expenses of resurveys due and payable by any landowner shall be recoverable by action in any competent court at the suit of the civil commi-sioner who shall have advanced such expenses: And whereas doubts exist whether the expenses of resurveys which were completed under the Land Beacons Act, 1859, before the Land Beacons Act, 1865, took effect, but in regard to which resurveys no fresh grants had, when the Land Beacons Act, 1865, took effect, been issued, are recoverable by action at the suit of the secretary of the divisional council, or by action at the suit of the civil commissioner: And whereas it is expedient to remove such doubts, and also to enable the divisional councils to obtain the title-deeds and diagrams of farms resurveyed under the Land Beacons Act, 1859, of which farms no fresh grants have yet been issued: Be it enacted by the Governor of the Cape of Good Hope, with the advice and consent of the Legislative Council and the House of Assembly thereof, as follows:

I. The expenses of any resurvey completed under the Land Beacons Act, 1859, before the Land Beacons Consolidation Act, 1865, took effect, which expenses shall be due and payable by any landowner, or the executors or heirs of any landowner, shall, in case no fresh grant of the farm resurveyed had, when the Land Beacons Consolidation Act, 1865, took effect, been issued, be recoverable by action in any competent court at the suit of the secretary of the divisional council, in his said capacity, precisely as if the Land Beacons Consolidation Act, 1865, had not been passed.

II. As often as the resurvey of any farm shall have been completed under the Land Beacons Act, 1859, before the taking effect of the Land Beacons Consolidation Act, 1865, it shall be lawful for the divisional council, by or through the instrumentality of which such resurvey took place, in case no fresh grant of such farm shall have been issued, to require, by notice in writing, signed by the secretary of such divisional council, the owner or owners for the time being of such farm to deliver over to such divisional council all original title-deeds and all diagrams in his or their possession relating to such farm, in order to the preparation of a fresh grant of such farm. And all such deeds and diagrams shall be delivered over by such owner within twenty-one days next after the receipt by him of such notice, or within such further time as the council shall think fit to grant in any particular case. And any owner failing, without lawful cause, so to deliver the said deeds and diagrams shall be liable to pay the sum of ——— pounds sterling, to be recovered, with costs of suit, by such council sueing in its corporate name, as in the seventieth section of the Divisional Councils Act, 1865, mentioned, and to be paid, when recovered, into the funds of such council: Provided that the council receiving any such deeds and diagrams shall give a receipt for the same, and shall be responsible for the return of the same, or, in case of loss, for the supply of official copies thereof.

III. Nothing in this Act contained shall be taken or construed so as to make the owner or owners for the time being of any farm, who was not the owner or who were not the owners of such farm when the resurvey thereof under the Land Beacons Act, 1859, was completed, liable for any of the expenses of the resurvey of such farm.

BILL

FOR

The better Preservation of Wild Ostriches.

(*Transmitted to the House of Assembly by His Excellency the Governor.*)

WHEREAS it is expedient to prevent the indiscriminate destruction of wild ostriches in this Colony: Be it therefore enacted by the Governor of the Cape of Good Hope, with the advice and consent of the Legislative Council and House of Assembly thereof, as follows:

I. No person shall kill, catch, capture, hunt, or shoot at any full-grown ostrich not being domesticated without having first obtained a licence to kill ostriches, under a penalty of any sum not less than thirty pounds sterling and not exceeding fifty pounds sterling for the first offence, and not less than forty pounds sterling and not exceeding one hundred pounds sterling for every subsequent offence; and any person convicted under this section may be imprisoned, with or without hard labour, for any term not less than six months and not exceeding one year, unless or until the fine be sooner paid.

II. No person shall, whether having obtained a licence to kill ostriches or not, kill, catch, capture, hunt, or shoot at, within any district of this Colony, any full-grown ostrich not being domesticated within the months which shall in any such district be for the time being proclaimed as fence season for ostriches under the provisions of this Act, under like penalties as by the last foregoing section are provided in cases falling within that section.

III. For every licence to kill ostriches there shall be payable a stamp duty of twenty pounds sterling.

IV. It shall be lawful for the Governor, by proclamation to be by him issued, to fix and prescribe for the several districts in this Colony the close time or fence seasons within which it shall not be lawful to kill, catch, capture, hunt, or shoot at ostriches within this Colony, either with or without a licence to kill ostriches.

V. No person shall at any time wilfully take away, disturb, or destroy eggs of any wild ostrich in any part of this Colony, under the penalty of any sum not exceeding three pounds sterling for the first offence, and not less than three pounds sterling nor exceeding six pounds sterling for every subsequent offence; and any of such eggs which shall have been taken away, or sold, or hawked, or exposed for sale, or purchased, and which shall be found in the possession of any person whomsoever, shall be confiscated to Government, and may be seized, *brevi manu*, by any landowner, occupier of land, justice of the peace, field-cornet, constable, or police officer.

VI. In any case prosecuted under this Act every ostrich shall be presumed to have been wild until shown to have been domesticated, and every ostrich egg found in the possession of any person shall be deemed to be the egg of a wild ostrich, and to have been wilfully taken away within the meaning of the last foregoing section hereof, until the contrary shall have been clearly shown.

VII. The several fines abovementioned may be recovered by any person, on behalf as well of himself as of the Crown, in all cases where the fine shall not exceed fifty pounds sterling, in the Court of the Resident Magistrate of the district where the offence may have been committed, and in other cases in the Supreme Court, the Court of the Eastern Districts, as the case may be, or the Circuit Court for the district where the offence may have been committed; and a moiety of any fine imposed upon any offender, on conviction, for contravening any of the provisions of this Act shall be paid to the person on whose information such conviction shall have taken place, provided such person be not an accessory.

VIII. It shall be lawful for the Governor, by proclamation in the Government Gazette, to proclaim and declare, as to any parts of this Colony, that wild ostriches shall be protected and not destroyed for any number of years not exceeding three, to be mentioned in such proclamation; and any person contravening the provisions of any such proclamation shall be subject to the like penalties as those provided by the first and second sections of this Act in cases falling within those sections respectively; and it shall also be lawful for the Governor, from time to time, to revoke, alter, or amend such proclamation.

IX. In any prosecution for infringement of the first section of this Act it shall be, *prima facie*, sufficient for the prosecutor to show that the accused does not appear as the holder of a licence in the list of persons to whom the requisite licence in such case shall have been issued, respectively, kept in the office of the resident magistrate before whom or in whose district such case shall be brought for trial in any court; but it shall be lawful for such accused person to rebut such evidence by proof that he was, in fact, at the time of the commission of the offence charged, the lawful holder of such licence.

The Premiums are payable yearly in advance; or at the option of the Assured, half-yearly, with a slight increase of the Rate.

This being a MUTUAL ASSURANCE SOCIETY, the profits are not, as in Proprietary Companies, divided between the Partners and the Assured,—the *whole* belong to the Policy-holders.

The Profits are divided amongst the holders of Policies at the termination of every period of THREE YEARS, and each holder may determine that his share shall be added to the sum assured by him,—or converted into Present Payment—or applied in Reduction of the future Annual Premiums payable by him.

The last Division was declared at the Annual Meeting held on the 6th July, 1868. The Profits then divided were at the rate of 2½ per cent. per annum, or 7½ per cent. for the three years. Thus a Policy of **£500,** taken out before 1st November, 1865, has **£37 10s.,** three years' Profits added to it; a Policy of the same amount, taken out before 1st November, 1867, has **£12 10s.,** one year's Profits added; while the total accumulated Profits on a Policy of **£500,** taken out in 1845, the first year of the Society's existence, now amount to the large sum of **£401 0s. 4d.**

The next Division of Profits will take place in July, 1871.

Persons proposing for assurance are required to produce *Certificates of Baptism*, or such other proofs of age as the Directors may deem to be satisfactory.

Candidates for assurance are *not* charged with fees payable to the *Medical Officers* of the Society.

Prospectuses, Forms of Proposal, and all information respecting the Society may be obtained at the Office in Cape Town, or at any of the Agencies throughout the Colony.

By order of the Board,

J. C. GIE, Jun., Secretary.

The following notification of two sunken rocks southward of Dassen Island, midway between Saldanha and Table Bays, has been received from Navigating Lieutenant W. E. Archdeacon, Admiralty Surveyor.*

(All Bearings are Magnetic. Variation 29° 45' Westerly in 1869.)

DASSEN ISLAND.

Two sunken rocks, with respectively 5½ and 6½ fathoms at low water, and on which the sea breaks heavily during and after bad weather, lie 3⅓ miles from the south-western shore of Dassen Island.

The rocks are N.W. ½ W and S.E. ½ E. from each other, distant one and a quarter miles, with deep water between. The western rock, with 5½ fathoms on it, is steep-to on the western side, 20 fathoms having been found at a distance of one cable. On the eastern side the bottom is very irregular for nearly a mile, the depths varying from 10 to 20 fathoms, causing a confused and dangerous sea in bad weather.

From this Rock the southern point of Dassen Island (which is the highest) bears N.E. by E. ½ E. 3⅓ miles, and the conspicuous high sandhill at Bock Rivier S.E. ½ S.

The eastern rock, with 6½ fathoms on the shoalest part, has depths exceeding 20 fathoms at a cable distance all round: from it the southern point of Dassen Island bears N.E. ½ N. 3⅓ miles, and the sandhill at Bock Rivier, S.E. ½ S.

This Company having a Revenue from Premiums alone of One Hundred and Forty Thousand Pounds per Annum, is in a position to transact every description of LIFE ASSURANCE on as favourable terms as any *other Company* of equal standing.

Holders of Life Policies on the profit scale, who may hereafter fill confidential situations and require to be guaranteed, may secure considerable reductions in their life premiums, by making their life policies contingent on the continuance of fidelity.

Three fourths of the Profits are divisible amongst the Policy-holders on the "Profit Scale of Premiums," affording the advantages of Mutual Assurance, with the further security of a large subscribed capital, the prudent employment of which gives a greater ratio of increase to business and to profits than a purely Mutual Society can achieve.

Assurances are granted for £10,000 on a single life.

Premiums may be paid in one sum, or yearly, or by half-yearly, or quarterly instalments.

Policies upon which five years' payments have been made, are purchased by the Society or the Policy-holders, if unable to continue paying, may receive fresh Policies in exchange (on which no further payment is required), equivalent to the then value of the Premiums already paid.

On Policies amounting to £200 and upwards for the whole of life, one-half of the Premium may remain unpaid at Interest for five years.

No extra Premium charged for voyage to and residence in any part of Europe, New Zealand, Australia (except at the "Diggings,") the Cape Colony, or British America.

This is the only Society transacting Life Assurance with Fidelity Guarantee, whose Policies of Guarantee are authorized (by Special Act of Parliament) to be accepted by Government.

The Guarantee Policies of this Society are accepted by the Treasury, Poor Law Board, and other public departments, and by the leading London and Provincial Joint-Stock and Private Banks, the principal Railway Companies, Life and Fire Offices, Public Companies, Institutions, and Commercial Firms throughout the Kingdom

Immediate Annuities payable during the whole of Life may be purchased on the following Scale:

BILL

FOR

Regulating the Execution of Capital Punishment.

(*Introduced into the Legislative Council by His Excellency the Governor.*)

WHEREAS it is desirable that, whenever circumstances will admit of it, capital punishment should in this Colony be carried into effect within the gaols: Be it therefore enacted by the Governor of the Cape of Good Hope, with the advice and consent of the Legislative Council and House of Assembly thereof, as follows:

I. In any and in every case in which, after the passing of this Act, any prisoner shall be sentenced to death, it shall be lawful for the Governor, if he shall be satisfied that fitting arrangements for the same can be made within the gaol in which such prisoner shall for the time being be confined, to order, by warrant under his hand, that the sentence of death shall be carried into effect within the walls of such gaol.

II. The high-sheriff or deputy-sheriff charged with the execution, and the surgeon, gaoler, and such other officers of such gaol as the high-sheriff or deputy-sheriff may require, shall be present at such execution, and any justice of the peace for the division in which such gaol may be situated, and any minister of religion residing therein, and such relatives of the prisoner or other persons as the high-sheriff or the deputy-sheriff may deem proper, may be admitted within such gaol, for the purpose of being present at such execution.

III. As soon as may be after judgment of death has been executed on the offender, the surgeon of the gaol shall examine the body, and shall ascertain the fact of death, and shall sign a certificate thereof, and deliver the same to the high-sheriff or deputy-sheriff; and all other persons who shall be present under the provisions of the preceding section, together with the high-sheriff or deputy-sheriff, shall sign a declaration to the effect that judgment of death has been executed on the offender, and such certificate and declaration shall be forthwith transmitted to the Colonial Secretary, to be filed of record in his office.

IV. The Governor may from time to time make such rules and regulations as to him may appear expedient, for the purpose of guarding against any abuse in such execution, and of giving greater solemnity to the same, and of making known without the walls of the gaol the fact that such execution is taking place.

V. The omission to comply with any provision of this Act shall not make the execution of judgment of death illegal in any case where such execution would otherwise have been legal.

DASSENEILAND.

De Blinde Klippen, met respektivelijk 5¼ en 6¼ vademen bij laag water, en waarop eene zware branding staat gedurende en na zwaar weder, ligt 3¼ mijl van de zuidwestelijke kust van Dasseneiland.

De rotsen zijn N.W. ½ W. en Z.O. ½ O. van elkander, op eene distantie van 1½ mijl met diep water daar tusschen. De westelijke rots, met 5¼ vadem daarop, loopt steil af naar de westelijke zijde, zijnde er 20 vademen gepeild op den afstand van eene kabellengte. Aan de oostelijke zijde is de bedem voor eenigen eene mijl zeer onregelmatig, variërende de diepte van 10 tot 20 vademen, veroorzakende een woeste en gevaarlijke zee gedurende zwaar weder.

Van deze rotst staat de zuidelijkste punt van Dasseneiland (die het hoogste is) N.O. ten O. ½ O. 3¼ mijl, en de buitengemeen hooge zandheuvel aan Bokrivier Z.O. ½ Z.

De oostelijke rots, met 6¼ vademen op het ondiepste punt, heeft eene diepte van meer dan 20 vademen op eene kabellengte afstands aan alle zijden; van daar wijst de zuidelijke punt van Dasseneiland N.O. ½ O. 3¼ mijl, en de Zandbeaveil aan Bokrivier Z.O. ½ Z.

In the Court of the Eastern Districts,
Cape of Good Hope.

VICTORIA, by the Grace of God, of the United Kingdom of Great Britain and Ireland Queen, Defender of the Faith,

To the Sheriff of the Colony of the Cape of Good Hope, or his lawful Deputy,—Greeting.

WHEREAS, upon the petition to the Honourable EDWARD DWYER, Esq., and the Honourable CHARLES THOMAS SMITH, Esq., the Judges of the Court of the Eastern Districts of the Cape of Good Hope, and Judges of our Supreme Court of our said Colony, of GILBERT FARIE, of Graham's Town, one of the Managers of the Standard Bank of British South Africa (Limited), against JOSIAS S. DANEEL, of the Division of Graaff-Reinet, it appears to us that the said JOSIAS S. DANEEL is justly and truly indebted to the said Bank in the sum of two hundred and ten pounds sterling, of lawful money, with interest and costs, upon and by virtue of a certain unsatisfied sentence of our said Court of the Eastern Districts of the Cape of Good Hope, bearing date the 12th day of July, 1869, and given in a certain cause then pending before our said Court, wherein one THOMAS JOHN WARDLE, Manager of the Colesberg Branch of the Standard Bank of British South Africa (Limited), acting for and on behalf of and representing the said Bank, was the Plaintiff, and the said JOSIAS S. DANEEL was the Defendant, and in execution of which said sentence a Writ was thereafter, to wit, on the 16th day of July, 1869, issued out of the Office of the Registrar of our said Court of the Eastern Districts, directed to the Sheriff of our said Colony or his lawful Deputy, for the levy and recovery of the sum of money aforesaid, with the interest and costs thereon, and in respect whereof the Deputy-Sheriff for the Division of Graaff-Reinet has made his return that "the goods and chattels of the Defendant were insufficient to cover the cost of levy, and no other goods or chattels were either pointed out or found whereof the exigency of this Writ could be made," and thereby the said JOSIAS S. DANEEL did commit an act of insolvency;

And whereas it further appears to us of record, that by order of the Honourable Mr. Justice SMITH, in Chambers, it was ordered that the Estate of the said JOSIAS S. DANEEL should be placed under Sequestration unless cause be shown to the contrary on the 12th day of October now next ensuing:

Now, therefore, we command you that you summon the said JOSIAS S. DANEEL, that he be and appear before our said Court of the Eastern Districts, at Graham's Town, on the 12th day of October now next ensuing, at 10 o'clock in the forenoon, to show cause, if he have any, why his Estate should not by sentence of the said Court be adjudged to be sequestrated for the benefit of his Creditors, and return you then and there this Summons, with whatsoever you have done thereupon.

Witness: The Honourable EDWARD DWYER, Esq., Senior Judge of our said Court of the Eastern Districts, at Graham's Town, this sixteenth day of September, in the year of our Lord One Thousand Eight Hundred and Sixty-nine.

(Signed) JOHN J. GRAHAM,
Acting Registrar of the Eastern Districts Court.

The Premiums are payable yearly in advance; or at the option of the Assured, half-yearly, with a slight increase of the Rate.

This being a MUTUAL ASSURANCE SOCIETY, the profits are not, as in Proprietary Companies, divided between the Partners and the Assured,—the *whole* belong to the Policyholders.

The Profits are divided amongst the holders of Policies at the termination of every period of THREE YEARS, and each holder may determine that his share shall be added to the sum assured by him,—or converted into Present Payment—or applied in Reduction of the future Annual Premiums payable by him.

The last Division was declared at the Annual Meeting held on the 6th July, 1868. The Profits then divided were at the rate of 2½ per cent. per annum, or 7½ per cent. for the three years. Thus a Policy of £500, taken out before 1st November, 1865, has £37 10s., three years' Profits added to it; a Policy of the same amount, taken out before 1st November, 1867, has £12 10s., one year's Profits added; while the total accumulated Profits on a Policy of £500, taken out in 1845, the first year of the Society's existence, now amount to the large sum of £401 0s. 4d.

The next Division of Profits will take place in July, 1871.

Persons proposing for assurance are required to produce *Certificates of Baptism*, or such other proofs of age as the Directors may deem to be satisfactory.

Candidates for assurance are *not* charged with fees payable to the *Medical Officers* of the Society.

Prospectuses, Forms of Proposal, and all information respecting the Society may be obtained at the Office in Cape Town, or at any of the Agencies throughout the Colony.

By order of the Board,

J. C. GIE, Jun., Secretary.

Manager and Secretary.—William Cleland.

This Company having a Revenue from Premiums alone of One Hundred and Forty Thousand Pounds per Annum, is in a position to transact every description of LIFE ASSURANCE on as favourable terms as any *other Company* of equal standing.

Holders of Life Policies on the profit scale, who may hereafter fill confidential situations and require to be guaranteed, may secure considerable reductions in their life premiums, by making their life policies contingent on the continuance of fidelity.

Three fourths of the Profits are divisible amongst the Policy-holders on the "Profit Scale of Premiums," affording the advantages of Mutual Assurance, with the further security of a large subscribed capital, the prudent employment of which gives a greater ratio of increase to business and to profits than a purely Mutual Society can achieve.

Assurances are granted for £10,000 on a single life.

Premiums may be paid in one sum, or yearly, or by half-yearly, or quarterly instalments.

Policies upon which five years' payments have been made, are purchased by the Society or the Policy-holders, if unable to continue paying, may receive fresh Policies in exchange (on which no further payment is required), equivalent to the then value of the Premiums already paid.

On Policies amounting to £300 and upwards for the whole of life, one-half of the Premium may remain unpaid at Interest for five years.

No extra Premium charged for voyage to and residence in any part of Europe, New Zealand, Australia (except at the "Diggings,") the Cape Colony, or British America.

This is the only Society transacting Life Assurance with Fidelity Guarantee, whose Policies of Guarantee are authorized (by Special Act of Parliament) to be accepted by Government.

The Guarantee Policies of this Society are accepted by the Treasury, Poor Law Board, and other public departments, and by the leading London and Provincial Joint-Stock and Private Banks, the principal Railway Companies, Life and Fire Offices, Public Companies, Institutions, and Commercial Firms throughout the Kingdom.

Immediate Annuities payable during the whole of Life may be purchased on the following Scale:

Annuities granted at the undermentioned Ages for every £100 of Purchase Money.

Ages... ...	50	60	70
Annual.	£5 17s. 6d.	£10 3s. 4d.	£16 4s. 1d.

Ik certificeer, dat ik bovenstaande Rekening van Ontvangsten en Uitbetalingen van den Afdeelingsraad van Fort Beaufort heb nagezien, dat de posten (met uitzondering van die gemerkt a) gedekt zijn met behoorlijke Kwitantien, zijnde de laatste voor een gedeelte gedeeltelijk vertegenwoordigd door Bankorders (getrokken ten faveure van den persoon aan wien ze gegeven zijn); dat de Uitgaaf geschiedt is volgens Besluiten, Resolutien of Kontrakten van den Raad, en dat voor die Besluiten, Resolutien en Kontrakten autorisatie is gegeven bij de Wet. Ik certificeer verder, dat ten einde de Rekeningen te doen sluiten, eene som van £40 5s. 11d. noodig is, die in de afwezigheid van Kwitantien voor betaling dier som, behoorde te worden vertegenwoordigd door Kassa in handen der Bankiers van den Raad, of in de Afdeelingskas, maar in geen dier beide plaatsen komen zij voor; dus is er een tekort van £40 5s. 11d. in de Rekeningen van het tegenwoordige Halfjaar, hetwelk gevoegd bij het tekort van £242 15s. 1d. in de Rekeningen van 1868, het tegenwoordig tekort brengt op £283 1s.

TO

Empower the Governor to raise the Sum of Fifty Thousand Pounds Sterling, for the purpose of redeeming a like Sum raised by means of Debentures under authority of the Act No. 22 of 1859.

(Transmitted to the House of Assembly by His Excellency the Governor.)

WHEREAS a sum of fifty thousand pounds sterling was, under authority of Act No. 22 of 1859, raised by means of debentures charged on the revenues of this Colony, bearing interest at six pounds sterling per cent., and redeemable on the thirty-first day of January, 1870, or so soon thereafter as due notice within the provisions of the said Act No. 22 of 1859 should be given, as therein mentioned, of the intention of the Governor to redeem the same: And whereas it is expedient that the same should be redeemed as soon as may be, and that a sum of fifty thousand pounds sterling should be raised or taken up by the Governor, as hereinafter is provided, for the purpose of redeeming the said debentures: Be it therefore enacted by the Governor of the Cape of Good Hope, with the advice and consent of the Legislative Council and House of Assembly thereof, as follows:

I. It shall and may be lawful for the Governor to raise and take up upon stock or perpetual annuities such sum of money not exceeding in the whole the sum of fifty thousand pounds sterling to be applied in redeeming the said debentures issued under the authority of the said Act No. 22 of 1859.

II. Such stock shall be issued by crediting the purchaser thereof for such sum thereof as he shall purchase, in books to be opened for that purpose by the Treasurer-General of this Colony, such credit to be given in the first instance upon production and delivery to the said Treasurer by such purchaser, or by his order, of a scrip certificate for the amount of stock for which such credit shall be claimed, such certificate being signed by the Colonial Secretary for the time being, by command of the Governor, and countersigned by the said Treasurer and by the Auditor of the Colony, and which scrip certificate shall be preserved in the office of the said Treasurer.

III. Such stock shall bear interest after the rate of four pounds and ten shillings sterling per centum of the nominal amount of such stock, from the first day of ——— or the ——day of——— next before the issue of the said scrip certificate, which shall last happen, and such interest shall be payable thereafter half-yearly, on the —— day of ——— and the —— day of ———, in each year, the first of such payments to be made on the —— day of ——— next after the opening of such credit in the books of the Treasurer-General as aforesaid, and shall be paid on such days respectively, or so soon thereafter as demand shall be made therefor by the lawful holder for the time being of such stock, to such lawful holder, or his duly authorized attorney, at the office of the Treasury in Cape Town.

IV. All such interest shall be charged and chargeable on and payable out of the general revenue of the Colony.

V. Such stock shall be transferable by transfer in the books of the Treasurer-General, and every person to whom any such credit as aforesaid shall have been given in the said books in the first instance, or to whom any such transfer shall thereafter have been made in the said books, shall be entitled to require and demand of the said Treasurer-General a receipt or certificate stating the amount of such stock standing to his credit in such books.

VI. There shall be paid into the Treasury upon every transfer in the said books of any sum of such stock a sum of five shillings upon every hundred pounds sterling to be transferred in such books, and on every other sum so transferred in the like proportion: Provided that instead of any fractional part of a penny which would under this provision be payable, a full sum of one penny shall be payable, and no transfer shall be actually made in such books as aforesaid unless and until such sum as shall be payable as aforesaid shall be paid.

VII. All such stock shall be put up for public tender in such amounts as may from time to time seem fit, and may be disposed of for the best terms which can be thus obtained. If more tenders than one offering the same terms shall be received for a greater amount of such stock than the amount for the time being about to be issued, it shall be lawful to accept any one or more of such tenders, or any part of any such tenders, as circumstances may make expedient.

VIII. The Governor shall from time to time, out of the current revenue of the Colony, pay the interest upon the said stock, and may also out of such current revenue, or any moneys to be appropriated for that purpose, from time to time buy up and cancel any part of such stock.

IX. The moneys realized by the issue and sale of such stock shall be carried to a separate account, and shall be expended in redeeming the said debentures issued under the authority of the said Act No. 22 of 1859.

X. An account showing the amount of all such stock issued under authority of this Act, and the moneys realized by the issue and sale thereof, and the expenditure of all such moneys or of so much thereof as shall for the time being have been expended, vouched by the Auditor-General of the Colony, shall be laid before both Houses of Parliament within fourteen days after the commencement of the next session thereof; and an account of the amount of the same stock for the time being outstanding, and of all such sums thereof as shall from time to time be brought in and cancelled, if any, shall also be laid before Parliament in each succeeding session thereof.

J. G. HELLIER, q.q. W. MOIR.

In the Court of the Eastern Districts
of the Cape of Good Hope.

VICTORIA, by the Grace of God of the United Kingdom of Great Britain and Ireland Queen, Defender of the Faith,

To the Sheriff of the Colony of the Cape of Good Hope, or his lawful Deputy,—Greeting.

WHEREAS, upon the petition, and affidavit in support thereof, to the Honourable the Judges of the Court of the Eastern Districts of the Cape of Good Hope, of HARRY BOLUS, in his capacity as Secretary of the Midland Fire Assurance and Trust Company, of Graaff-Reinet, against JOHN WILLIAMS, lately residing at Graaff-Reinet, but now supposed to be residing at or near Kuruman, beyond the boundaries of this Colony: It appears that the said JOHN WILLIAMS is justly and truly indebted to the said HARRY BOLUS, in his capacity as the Secretary of the Midland Fire Assurance and Trust Company of Graaff-Reinet (or the Secretary thereof for the time being), in the sum of Three Hundred Pounds Sterling, with the interest thereon at £8 per cent. per annum, reckoned from 15th April, 1865, which he owes the said HARRY BOLUS, in his capacity aforesaid, upon and by virtue of a certain Mortgage Bond made and executed before the Registrar of Deeds in Cape Town, on the 21st day of April, 1865, through his duly authorized agent in that behalf (PHILIPPUS ALBERTUS BRAND), whereby he acknowledged himself to be indebted to the said HARRY BOLUS, in his capacity aforesaid, in the sum of £300, which he, the said JOHN WILLIAMS, thereby undertook to pay at the Office of the said Company at Graaff-Reinet, with interest thereon at the rate of £8 per cent. per annum, reckoned from the 15th day of April, 1865, payable half-yearly, on 30th June and 31st December, in each year; and by which said Bond it is stipulated that if the said JOHN WILLIAMS should fail to pay the said half-yearly interest on the day it shall fall due, the whole of the said principal sum shall be considered as legally claimable and due without notice;

And whereas it further appears that the said JOHN WILLIAMS has failed and neglected to pay the said interest, or any part thereof, though long overdue, whereby the whole of the said principal sum and interest has, in terms of the said Bond, become due and claimable;

And whereas it further appears that the said JOHN WILLIAMS is possessed of immovable property in this Colony;

And whereas it further appears that the said JOHN WILLIAMS did, in or about the month of April, 1867, depart from his Dwelling-house in Graaff-Reinet, where he was then residing, and remove to Kuruman, beyond the boundaries of this Colony, and still continues to remain absent from this Colony, all with the intent to defeat and delay his Creditors in obtaining payment of their debts; and the said JOHN WILLIAMS did thereby commit an act of Insolvency;

And whereas application was made to the Honourable CHARLES THOMAS SMITH, Esq., one of the Judges of the said Court of the Eastern Districts and Supreme Court of the said Colony, on Tuesday, the 21st day of September, 1869, by the Solicitor-General, on behalf of the said HARRY BOLUS, in his capacity aforesaid, for an order placing the Estate of the said JOHN WILLIAMS under Sequestration as Insolvent in the hands of the Master of the Supreme Court of this Colony, for the benefit of his Creditors (provisionally);

And whereas it further appears of record that the Honourable CHARLES THOMAS SMITH, one of the Judges of the said Court of the Eastern Districts and Supreme Court, did by order under his hand, bearing date the 21st day of September, 1869, place the Estate of the said JOHN WILLIAMS under Sequestration as Insolvent in the hands of the Master of the Supreme Court until the same should thereafter be adjudged to be sequestrated, or the said petition should be discharged:

Now, therefore, we command you that you summon the said JOHN WILLIAMS to appear, either in person or by proxy, before the said Court of the Eastern Districts to be holden at Graham's Town on the 15th day of November, 1869, at 10 o'clock in the forenoon, to show cause (if any) wherefore his Estate should not by sentence of the said Court of the Eastern Districts be adjudged to be sequestrated for the benefit of his Creditors, and wherefore the said provisional order should not be made final; and return you then there this Summons, with whatever you have done thereupon.

Witness: The Honourable EDWARD DWYER, Esquire, Senior Judge of our said Court of the Eastern Districts at Graham's Town, this 4th day of October, 1869.

JOHN J. GRAHAM, Acting Registrar
of the said Court of the Eastern Districts.

R. S. TREDGOLD, Post Office Chambers,
Graham's Town, Plaintiff's Attorney.

NOTICE.

In the Insolvent Estate of GYSBERT HARRY MAASDORP HOFFMANN.

THE Liquidation and Distribution Account in the above Estate will lie for inspection of Creditors at the Office of the Master of the Supreme Court for a period of fourteen days, reckoned from Wednesday, the 12th instant; after the expiration of which, should no objection be made thereto, the Honourable the Supreme Court will be moved to confirm the same and order the Distribution thereof.

The Premiums are payable yearly in advance; or at the option of the Assured, half-yearly, with a slight increase of the Rate.

This being a MUTUAL ASSURANCE SOCIETY, the profits are not, as in Proprietary Companies, divided between the Partners and the Assured,—the *whole* belong to the Policy-holders.

The Profits are divided amongst the holders of Policies at the termination of every period of THREE YEARS, and each holder may determine that his share shall be added to the sum assured by him,—or converted into Present Payment—or applied in Reduction of the future Annual Premiums payable by him.
